The Fight for Democracy

Democracy is the fight for what you want to see
So how will my voice help this free country?
My voice is choice
Of what I see

I will join in protests and votes
And even if it doesn't seem like much:
One vote,
One protest,
One action,
can change so much!

A powerful weapon I hold
That will be unleashed when told
I hear my heart thumping so loudly
Telling me,
I can do this!
I can change the world with just one vote!
I catch a glimpse of the future of Canada!
It is free!
