

# Democracy Smiles at Me

Democracy smiles at me

Our connection to the community

It is our voice

It is our identity

A driving force

A ray of light

Our triumph

Our strength

A pillar of our society

Act with our participation

We have the power

We have a choice

Exercise our civic voice

Yes, we can be heard

Yes, it can be assured

Rows of policies opt for the bona fide

With adept care

Safeguard our democracy

When I do my part, democracy smiles at me
