

Democracy And Me

What is democracy?
Why is it important?
Are you happy?
Do you think your voice is important?
How does my voice affect democracy?
My voice may only be one
but I can vote for a change in numbers and unite.
A lot of people like it because of its impotence, like trees.
Others like it because of its power
to set them free.
It all started in 1867,
after that, it was all an ascension
This is democracy,
You can be whatever you want to be.
You can be adventurous,
And explore the enormous beautiful country we call Canada.
If you vote we can strive for peace
And try to make sure you live life with a little bit more ease.
You can protest.
disagree
discuss your disbeliefs.

You can do all of these.
As long as you do them with peace.
This is democracy.
You will have disagreements
different beliefs
fights.
But that can't stop you from showing
your voice
and fighting for a better life.
Religion.
Opinions.
Rights.
Use your voice! Shout out to the sky!
Bullying.

Racism.

Sexism.

Have a problem?

Have a talk with the system

Because remember

Everyone has a voice.

Struggles

Laws orders

Don't succumb to hiding in a corner when you can share your opinions

And try to fix the bad dominions in your life.

We can't say this enough

You have a right

You have a vote.

All the things I wrote above

It is the democracy I love.
