

My Voice

Democracy helps us fight for our rights
We won't hide, we will spread our pride
We don't allow force...we value freedom
We will practice our own culture, no one else can decide

We will fight to make our futures bright
We only fight for our rights
We don't need hate, love doesn't fade
We don't frown, we stand proud
It's not your choice, we use our own voice
We fight for our rights with our might
