

Be Yourself

Even if you lost, your voice was heard, that's what's important!

Quiet isn't bad, but if you have an opinion or idea, speak up!

Uneven amounts of people don't matter. Just be yourself!

Anybody and everybody's voices matters!

Love yourself and be who you want, not who others want you to be!

I speak my voice, you get the courage to speak yours!

Talk, I did, so you can too!

Your opinion matters just as much anyone else's!

Minority could've won if some more people spoke up!

Always stick by your opinion if you believe in it!

Telling people my opinion might help you tell yours!

That speaking your opinion is important!

Every minority matters just as much as majority!

Respect others opinions even if yours is different!

Speak up for yourself!
