

Democracy, I have curiosity.
Democracy, you take care of inequality.
Democracy, oh how you give all citizens power.
Democracy, oh how you shout out equal rights from the tower.
Democracy, oh how you give me a choice.
Democracy, oh how you give everyone a voice.
Democracy, you let everyone vote.
Democracy, you let me sail across the sea on a boat.
Democracy, you let people choose.
Democracy, you let leaders win and lose.
Democracy, you give everyone the same rights, duties, and respect.
Democracy, you give a significant effect.
Democracy, you make me accessible, I guarantee.
Democracy, I love how you jump from one country to the other.
Democracy, you are a great wonder.
Democracy, you make the world fair.
Democracy, you are everywhere.
Many people don't take your opportunity.
Of our rights and responsibilities.
So people, don't forget to vote.
Keep it as a remembered note.
Together we can make the world better.
Long live democracy forever.
