

Democracy

Democracy is a voice,

it's there but sometimes it does not speak for those in need,
the people that get treated like they are nonexistent need your voice

We need equality

Equal rights

Equal pay

Equality means

To be able to go anywhere without being killed or feel threatened

To be able to walk alone and not feel unsafe

Justice for people of color

Justice for women who have been killed fighting for their rights

Justice for transgender people who get killed and assaulted

Justice for people who can't get married or adopt because of their
sexuality

Justice for Indigenous peoples who don't have clean water

Justice for everyone who has been wrongly accused of crime

Equal pay for women

My voice will speak for those who had been wronged

Step by step

Day by day

United we will stand and strive for equality

We will get what we deserve

I will stand up for what's right no matter what

Everyone deserves to be with treated kindness and respect

no matter what race,sexual orientation, religion, or gender, you might be

Everyone should be able to be self with no judgment

Equal rights are human rights

I will fight and protest for everyone who has been discriminated against

We have no time to waste

There are people suffering everyday because of oppression,racism,

Sexism , and anti-lgbt laws

The laws

The stereotypes

This hate and discrimination is why we need equality

I will be the help for these people if nobody wants to

I will be the rock for these people
Please stand with me and help those in need
For everyone who has been killed, assaulted, or been the victim of hate
crime
please help them
