

Our Voices

My generation's voice will be Canada's future
Our voices are magnetic fields
Our voices illuminating like an Olympic medal
For the heart of Canada

Democracy faintly hears the voices of young people
Because of our age and voting laws
Student Vote is a start
A start on our journey to have our voices fully heard

Be involved, be heard
democracy will represent what is best for us
Don't complain,
stop ignoring our surroundings
If involved, if heard
together Canada will grow with us
