

Fighting Until Dawn

Democracy is the freedom to speak freely
Everyone has a voice
Our people are fighting fiercely
Everyone has a choice

Democracy is an option for opinion
We will fight
Our people are peacefully protesting
For what they think is right

Democracy is a question
We are willing to work
What do we want and how will we get there?
We will not shirk

Democracy is a sunrise
A simple start to your day
We are working for change
Change for the better, we pray

Democracy is a vote
A voice, our voice
We vote for the future
I will rejoice

Canada is our country
We will fix the flaws
We remember our past so we can do better
We fight for this cause

Democracy is a raging river
Flowering with regret
Our history is dark and deep
We will never forget.
