

## MY Voice

Democracy	Dictatorship
No dictators	No democrats
Rights	No
rights	
Freedoms	No
freedoms	
Happiness	Sadness
Someone leading the country	Someone wrecking the country
Everyone has a voice they can use	NO voice
No war	War
Less death	A lot of death
I wish there was more democracy	I wish there was less
dictatorship	

My voice is or can be useful  
Sometimes yes, sometimes no  
I think it will make a difference, maybe more so when I am 18  
I love having a voice  
I kinda wish I would use it more often  
Maybe I will attend or start a protest  
Maybe one day  
Maybe one day I will change the entire world  
Or maybe just something minor in Canada  
I like how there is no war or dictatorships in Canada  
Maybe I will be one to keep that nice order and make sure there is no dictators
