

## The Masked Poem

You hide your fears  
Shedding your tears  
Carrying a heavy load  
Walking on a long and rocky road.

Chasing the Tears  
Leads to broken Gears  
But it doesn't break the Code  
Because it never told the story the demons Told.

You lie to Others  
Trying to save Brothers  
But hiding Yourself  
Shows your higher Self.

The mask doesn't Hover  
It doesn't even Cover  
The world isn't on a Shelf  
The mask is clearly Yourself.

Protecting the hidden Hero  
Who feels as though they are at Zero  
Showing a brave Heart  
Which was never Apart.

Our mask blocks the Hero  
From saving the day from the average Zero  
By staying Apart  
I've played my Part

I hide my Fears  
Shielding my Hidden tears  
Carrying my Load  
On a long Road.
